# 20 YEARS OF TRUCKVAULT

A couple of decades ago, I built the first TruckVault to carry my shotguns and other hunting paraphernalia. This homemade prototype was nothing more than two long drawers with no locks that served to keep my guns and gear handy and protected from the other stuff that was banging around in the bed of my truck.

At the first trap shoot I attended with my new creation, the man parked next to me asked where I'd bought it and how he could get one. I told him that I had built it and offered to make one for him. From these humble beginnings, TruckVault has evolved into the world leader in "in-vehicle secure storage." TruckVault products are now built for virtually every vehicle you can think of, providing organization and security for sportsmen, members of law enforcement and the military, commercial and residential tradesmen, and more.

We've made great friends all over this country and around the world, thanks to an unwavering commitment to quality and outstanding customer service. In fact, our customers have played a vital role in the evolution of TruckVault by sharing their insights through the years. We welcome and encourage customers' design input, which we then incorporate into their builds. Many of these unique and creative ideas have become regular features of our products.

While our customers have done much to make us what we are today, so too have the employees and dealers who have been loyal to TruckVault from the start. Our policy has always been to treat them with respect and to allow them to share in our success. Their hard work and ingenuity have helped make the seed of an idea grow into an American-made, globally successful company in which we all take great pride.

A handwritten signature in white ink that reads 'Alan Chandler'.

Alan Chandler, CEO

## CUSTOM [ MADE TO ORDER ]

TruckVault offers a variety of customized features. If you don't find a design you like, just ask about our many customizing options.

# CUSTOM... IT'S WHAT WE DO.

### CUSTOM DRAWER SIZING

TruckVault can customize the size, number, and orientation of the drawers of your TruckVault to create virtually any configuration.

### CUSTOM BED CONFIGURATIONS

If you have tanks, tool boxes, or any other equipment in the truck bed, just provide us with the detailed measurements and we can customize an item to fit.

### MULTI-STACKED DRAWERS

Sometimes the best direction to go is up. When space is at a limit, or equipment is at a maximum, we can stack drawers to maximize storage.

### DRAWER FACE FINISHES

You can even customize the look and feel of your TruckVault with optional accessory drawer faces in a wide range of high-end wood grain finishes.

# SECURITY: IT'S OUR #1 PRIORITY

At TruckVault, we take pride in providing our customers with the peace of mind that comes from knowing that their valuable gear is secure, no matter where they may leave their vehicle.

**PUSH-BUTTON  
WITH KEY  
OVERRIDE LOCK**

The most secure and trusted lock among law enforcement agencies

**ALL WEATHER  
COMPRESSION  
LOCK**

Heavy-duty key lock used in conjunction with our All Weather Extreme Series™ drawer systems

## PRODUCT SPOTLIGHT ON:

### STRIKE GUARD TECHNOLOGY

#### » ALWAYS IMPROVING

*Our product improvement process is an continuous effort. Paramount to our products' design is the interaction between our lock and the primary structure of the unit. We take a "Kaizen" approach to design, which means that our engineers constantly implement small design fixes instead of radical changes. This allows us to respond to change quickly and easily, which ultimately benefits you, our loyal customers who require the best solutions for securing your valuables.*

#### **STRIKE PLATE**

Works in unison with the Backer Plate to prevent bolt tampering and movement

#### **BACKER PLATE**

Works in unison with the Strike Plate to prevent bolt tampering and movement

## TRUCKVAULT [ SUVs + VANS ]

We have provided integrated product solutions for literally thousands of Public Safety Departments and Agencies across the globe. Most recently, we have been actively involved in providing solutions for NYPD and their newly established quick response anti-terrorism units. We know the equipment you use is vital to doing your job. TruckVault ensures a secure in-vehicle storage solution that will provide both worry-free security and consistent timely access.

**CUSTOM SPECIAL OPS**  
with heavy-duty table extension  
and Magnum sized drawers

## » SIZING YOUR VAULT

TruckVault products for full-length SUVs come in three primary lengths: Short, Medium, and Full. The adjacent table explains the different sizing options available.

**SHORT:** The short TruckVault fits snug against the third-row seat. We recommend a one-drawer configuration for these models.

**MEDIUM:** The medium TruckVault requires the removal of the third-row seat, but doesn't always reach the second row entirely, leaving extra room for storage. (Also for vehicles with no third-row seat.)

**FULL:** The full TruckVault extends all the way to the back of the second-row seat, providing a seamless storage space on top.

1 Drawer Standard  
starting at \$1395 USD

1 Drawer Magnum  
starting at \$1595 USD

2 Drawer Standard  
starting at \$1699 USD

2 Drawer Magnum  
starting at \$1895 USD

2 Drawer Offset Magnum  
starting at \$1895 USD

Custom Command Center  
with Table Extension  
starting at \$3690 USD

- See pages 11-12 for more Command Center options.

## » STANDARD Height

Enough room for most shotguns to be stored vertically, with ample room for other equipment and lots of space up top.

## » MAGNUM Height

Deeper drawers allow for scope rifles and other tall items to be stored with ease while providing plenty of room for your other valuables.

**1 DRAWER MAGNUM**  
with diagonal dividers and  
push-button key override

# TRUCKVAULT [ CHEVY TAHOE ]

## » A SOLUTION FOR YOU

TruckVault's secure storage system is an ideal match for the Chevy Tahoe, and it's our most popular pairing. Our specific designs maximize storage space and utilize factory lock downs for easy and secure installation. TruckVault has a wide range of designs for all generations of the Tahoe that allow for many aftermarket accessories, including prisoner containment and K9 units.

## » EXPLORE YOUR OPTIONS

The new Ford Explorer is one of the most popular SUVs on the road today, and TruckVault has a full suite of models designed specifically for it. Utilizing an innovative bracket installation system for the ultimate in security, a TruckVault is the perfect accessory to get the most out of your Explorer.

TruckVault's Lift System uses air-assisted cylinders to make lifting the entire unit a snap. Simple design, all steel construction, and engineered for heavy service to last the life of your vehicle.

As an alternative for the spare access Lift System, TruckVault also offers 1 and 2 Drawer shortened length option, providing you a more direct access to your spare tire.

**LIFT SYSTEM**

## » SECURITY + FUNCTIONALITY

### LIFT SYSTEM

- Shown here with a 1 Drawer  
Magnum TruckVault  
starting at \$495 USD

We took the TruckVault Lift System back to the drawing board in 2015 to make sure it was the best it could be. The improved design is the perfect complement to all 2011+ Ford Explorers, allowing you to place a full sized TruckVault in your PPV while retaining quick access to your full-size spare without hassle. TruckVault's Lift Technology uses air assisted cylinders to make lifting the entire unit a snap. Simple design, all steel construction, and engineered for heavy service to last the life of your vehicle.

#### STEP ONE

\* Loosen by hand the two safety locks located on both sides of your TruckVault.

#### STEP TWO

\* Firmly grasp the handles on your TruckVault and slide your vault out to its fully extended position. Hand-tighten the outside safety locks from step one.

#### STEP THREE

\* Using the handles, lift the TruckVault upward. The built-in air assist cylinders will help offset the weight.

\* Due to the storage weight capacity of your TruckVault, it may be necessary to unload equipment from the drawers before lifting.

### AIR ASSIST . . . . .

No need to strain. Our air assist cylinders help you lift the drawer system with relative ease.

### GUSSETS . . . . .

Never worry about strength. Heavy-duty gussets provide the strength to withstand whatever you throw at it.

### HINGES . . . . .

Lift with confidence. Over-made hinges are built to withstand the toughest rigors of the field.

### POWDER COATING . . . . .

Protected from corrosion: Completely powder-coated to last as long as your vehicle does.

**ORGANIZATION YOU NEED**

With everything organized and right at your fingertips, the Mobile Office Series provides a custom in-vehicle Office Center ready for deployment when and where you need it.

These specialized TruckVault products are designed and engineered to meet each customer's specifications. Perfect for law enforcement, firefighters, search and rescue, or any professional operating in the field.

» **WHY A MOBILE OFFICE?**

When you need mobile office space in the field, TruckVault is a name you can trust. The TruckVault Mobile Office Center creates an entire working space in your department's full-sized SUV. Organized secure storage, map board, and equipment drawers reside in the back, while file cabinets and desk space are accessed at the middle of the vehicle, creating the ultimate in-field office solution.

With the Mobile Office Center you're always prepared. Your lead officer works safely inside the vehicle, planning routes of entry and attack while safely out of the weather and with all the necessary tools at his disposal. The rest of your equipment remains securely organized in the back of the vehicle.

» **EXTREME ISN'T JUST A NAME**

When we say Extreme, we aren't just tossing out a word we think sounds good. The TruckVault All-Weather Extreme Series™ is as extreme as it gets. Through frigid Montana winters and blistering Texas summers, your gear is protected to the fullest. We've even taken fire hoses to the front of the TruckVault – that's more than 100 pounds of direct water pressure – and not a drop got inside. When put to the test, TruckVault performs every time.

**BUILT SMARTER To Work Harder** .....

*A true workhorse, the Extreme Series is designed with the outdoorsman in mind. Completely weatherproof, able to carry 2,000 pounds of gear on top, and fitted with easy-to-access tie-downs, it's just as strong as your truck bed—only better!*

**LOCKED AWAY From the Elements** .....

*Featuring our exclusive folding T-handle compression locking system, the Extreme All-Weather Series drawers seal watertight and lock securely, keeping the contents protected from the elements.*

# ORGANIZATION & STORAGE OPTIONS

There is no better way to secure and organize your valuables when you're on the go than with a TruckVault. Our designs maximize the available storage and organizational potential of any sedan, SUV, or pickup, so you can hit the road with complete confidence in the safety and readiness of the valuable and sensitive equipment you carry with you every day.

## ➤ DRAWER FOAM

*Drawer Foam Inlay is a flexible and sturdy foam that drops directly into your drawer system. This multi-level foam allows you to cut out shapes to custom-fit your gear. The perfect solution for keeping your valuables secured from vehicle movement.*

## ➤ DIVIDERS

*Available in two divider packages: Short/Long Divider Combination and a Diagonal Divider package. Each divider comes with repositioning holders that allow you to customize your interior drawer configuration.*

## ➤ TREKPAK™

*Adaptable organization! Cut, join, and adjust these versatile foam dividers to fit your gear! Available in two package sizes: SMALL (23"), recommended for SUV sized drawers and LARGE (45"), recommended for pickup-sized drawers.*

# HEAVY-DUTY PULL OUT TABLE

An additional work surface you can depend on! Perfect for the operator who needs to work right in the field. Locking heavy-duty slides can support up to 200 pounds, and the standard laminated surface will stand up to the rigors of field work. Available in both bottom table and top table open tray versions, and carpeted or magnetic dry-erase surfaces.

## » FEATURES & HIGHLIGHTS

- Bottom table and open top tray versions
- 200-pound capacity
- Locking heavy-duty slides
- Offered in standard laminated surface with available options of carpeted or magnetic dry erase working surface

All-Weather Armor Coating

Steel Shroud

# DRAWER WEIGHT TEST

How much weight can I put in my TruckVault, you ask? The easy answer is, more than you can physically pull out! We advise customers that they can pack as much as 200 pounds into each drawer and things will function normally, depending on the size of drawers they have. But to really put our product to the test, we filled two Standard Drawers with 13 cases of shotgun shells and four sporting shotguns—a total of 379 pounds! Fearing this would be too much, we were surprised to find that it actually still didn't come close to reaching the drawers' full capacity. As a result, we're confident that each drawer could handle 300 pounds. That is some serious support for your serious gear.

*TEST RESULTS:*  
As long as you can pull out and push in the drawers, they can handle more!

# 28%

# MORE HEAT RESIS- TANT

After two hours in a test oven heated to 150° F, each TruckVault remained roughly 28% cooler than the leading metal competitor.

# DRAWER HEAT TEST

Can TruckVault take the heat? We tracked down a truck-sized oven to find out. Our goal was to simulate punishing desert heat inside a vehicle at midday— 150° Fahrenheit. The result? TruckVault products provided superior insulation and protection across the board, making them a superior choice to competing steel or plastic products for protecting sensitive electronics, plastics, food, ammunition, and any other heat-sensitive cargo.

# WHY BUY TRUCKVAULT?

**01** **HEAVY-DUTY PUSH-BUTTON LOCKS :**  
Five-button combination locks with key override for easy access

**02** **PROTECTS FROM CONDENSATION :**  
TruckVault puts a stop to potentially damaging moisture buildup.

**03** **PROTECTS FROM DUST & GRIT:**  
Sealed tight from the elements, TruckVault keeps your gear grit-free.

**04** **STRONGER :**  
Constructed of tough MDO, TruckVault is stronger than metal or plastic.

**05** **PROVEN FIRE RESISTANCE :**  
TruckVault insulates stored equipment from heat and fire damage.

**06** **PROTECTION FROM THEFT :**  
Engineered to resist break-in. Low profile models resemble the floor of your rig.

**07** **A DESIGN FOR EVERY VEHICLE :**  
Each TruckVault is built to fit the vehicle it is ordered for, ensuring a perfect fit.

**08** **SIMPLE INSTALLATION :**  
Nearly all models can be installed in an hour or less.

**09** **CUSTOM ENGINEERED :**  
TruckVault frequently engineers custom solutions to meet individual needs.

**10** **LIMITED LIFETIME WARRANTY :**  
Trouble-free operation guaranteed as long as you own your TruckVault\*.

## BACKED BY WARRANTY

Your TruckVault comes with a limited lifetime warranty. TruckVault warrants you, the original TruckVault purchaser, that for as long as you own it, and providing it is installed properly and utilized in the manner of its intent, your TruckVault will be free from defects resulting from inferior materials and/or workmanship. \*

\* The All-Weather Extreme Series is covered by a one year customer warranty.

➤ Subjected to extreme fire testing, TruckVault has been proven to protect all valuables stored inside the drawers.

➤ Compressed tight by bulb sealing, All-Weather Extreme TruckVaults ensure water and moisture do not make their way into the drawers.

# MEDIUM DENSITY OVERLAY (MDO)

## FEATURES

MDO is a wood substrate formed from weather-resistant resin overlays bonded to multiple layers of wood by heat and pressure. This process creates an extremely strong and durable material that is up to 40% stronger than even Douglas Fir plywood. Trusted in numerous industries including home construction and concrete formwork, MDO is the perfect material to create a strong, secure, and customizable product.

## BENEFITS

As one of the strongest wood materials on the market, MDO is highly dependable for security products. You'll feel the strength the moment you open the drawer. MDO also has heat, moisture, and humidity protection that is superior to metal enclosures. When you combine these benefits with the ability to completely customize products to a wide range of designs, you have the very best secure storage solution for vehicles on the market.

QUALITY PRODUCTS ARE MADE WITH THE BEST MATERIALS AND CRAFTSMANSHIP. TRUCKVAULT HAS FOUND THE PERFECT ONE-TWO PUNCH.

## BLACK COMPOSITE

The default drawer front on every TruckVault is Black Composite. This material provides a dense and consistent surface with extremely tight tolerances around the drawer face to ensure maximum security. High-grade wood grain drawer fronts are also available for those seeking a classic look.

## CARPET

TruckVaults most commonly come completely carpeted inside and out in automotive-grade carpet. Color matched to industry standards, the carpet blends the TruckVault seamlessly with your vehicle's interior.

## ALL-WEATHER COATING

Standard with all Extreme All-Weather Series TruckVaults, the weatherproof Armor Coating is sprayed on after the drawer system build is completed, ensuring supreme protection from fire, grit, and moisture.

# WHAT DO OUR CUSTOMERS SAY?

**KIM RHODE**  
Olympic Champion

*"A \$20,000 gun stolen right from my truck! Trust me, that won't happen again. I will never own a truck without a TruckVault in it."*

**ROB ENDSLEY**  
Pro Fishing Guide

*"I don't have to worry about my gear. I lock it up in my TruckVault and I don't think about it for one second while I'm out on the water."*

**DEPUTY CHIEF**  
SRG - Counter-Terrorism Unit

*"We receive many compliments on TruckVault's design and construction, not to mention the safety and security it provides our members."*

**KRISTY TITUS**  
Wilderness Athlete

*"TruckVault protects all of my gear, optics, and firearms from theft while keeping everything organized, clean, and easily accessible."*

**BRANDON PARSCALE**  
Pro Photographer

*"As a photographer, hunter, and off-road enthusiast, TruckVault is the one accessory that fits form to function and secures all of my hobbies."*

**LALLY FAMILY**  
Overland World Travelers

*"Driving the family from Alaska to Argentina required a drawer system that could handle all our stuff. TruckVault brought it all together."*
